

Relay For Life

Pictures From the Relay For Life, Cancer Fundraiser

This is a picture of the speakers stand when the Ruritan Club hosted the Relay for Life Fundraiser each year. The Ruritan Club may have hosted this event for 8-10 years before it was moved to the park in Washington. It was one of the many charitable things the Ruritan Club done over the years.

This was another event that the Ruritan Club gave their assistance. As I recall this was a fund raiser for the Cancer Society in the early days and it required walkers to get pledges and they walked for miles to raise funds and this was one of the stops which was the old Drive In Theater on Highway 50 between Montgomery and Washington. The Walkers use this as a rest stop and the nurses and Ruritan gave out water or assisted in whatever way they could. At the table is Fred Murphy, Tony Fuhs, in back is Albert Kavanaugh and Chris O'Brian. Not sure who the nurses were or the walker who they were attending to. As I recall the event was a Walk or Run for Cancer. This was a precursor to the Relay for Life.
